Relish 2009 is a collection of recipes generously donated by local restaurants and cafes in the City of Port Phillip area, highlighting its culinary diversity. It is a project designed by the Rotary Club of St Kilda to celebrate great food for a good cause.

Proceeds from the sale of *Relish 2009* will be split equally between the **Sacred Heart Mission** in St Kilda and Rotary International's **ShelterBox** program. The Sacred Heart Mission will receive additional funding for their meals centre in St Kilda, which provides a decent meal to over 400 distressed and disadvantaged people every day. ShelterBox will use their funds to provide more housing and living requirements for people in disaster areas throughout the world.

By purchasing this book you are contributing to improving the lives of people in need both locally and overseas.
